

While our job is to tell stories for other people, from time to time we have stories of our own to tell.

These appear on an ad hoc basis in Intelligence.

- A bit of a panic on to produce this edition of Intelligence as we are moving office (and home) on Friday 11th . . .
- First up, we send our very best wishes to all our readers and colleagues for Christmas – and we're looking forward to a challenging, interesting, exciting and profitable year in 2010
- Amongst our achievements for 2009 we include becoming registered as lobbyists with both the South Australian and Federal Governments.
- This has enabled us to make direct representation at Ministerial level in Adelaide and Canberra on behalf of Altona Energy, Centrex Metals, Iron Road, Rex Minerals, Sinosteel PepinNini Curnamona Management and Uranium One
- InTelligence is always published to coincide with the ABS's release of quarterly exploration stats and the latest figures are out today
- It looks as though we may have turned the exploration corner . . .
- SA's exploration for the September quarter was \$48.2 million, up from \$41.8 million in the June quarter (original figures); and up from \$38.6M to \$46.9M seasonally adjusted quarter on quarter

- Of this, \$30.1M was on new deposits (up from \$25.4M) and \$18.1M on existing deposits (up from \$16.4M)
- A truncated edition this month but we'll be back bigger and better next year with some new features planned, so please keep reading and watch this space.
- And PLEASE – only use the new email address marlowcomms@bigpond.com from Monday 14th onwards as Telstra/Bigpond are unable to forward emails from the old address. Don't ask me why – makes no sense to me at all.

Happy Christmas!!
